

Environmental Policy

Surfers Against Sewage (SAS) is an environmental charity protecting the UK's oceans, waves and beaches for all to enjoy safely and sustainably, via community action, campaigning, volunteering, conservation, education and scientific research.

- Whilst campaigning SAS will endeavour to have a minimal impact on the environment. SAS will ensure that;
- Wherever possible unnecessary travel & use of energy will be eliminated.
- Electricity will be sourced from renewable suppliers.
- Reduce the needs to transport people and goods and encourage low impact travel.
- Purchase goods and services that cause least harm to the environment.
- Avoid waste and promote the conservation, reuse and appropriate recycling of resources.
- Constantly strive to source materials, sponsors and suppliers with the lowest environmental impact.
- Encourage staff awareness of their responsibility for the environment.
- Promote understanding and participation in environmental issues through education, scientific reports, engaging activists, information provision and consultation.
- Work with and encourage other organisations, companies and sponsors to protect the environment.
