

HOW TO MAKE MARINE LITTER MONSTERS

Marine Litter Monsters are a fun way of turning the plastic you find at beach cleans from useless trash into a material and toy!

WHAT YOU NEED:

scissors, glue*, marine litter and a sprinkle of imagination.

* If you're under 10 years old, make sure you have adult supervision when using scissors and a glue gun

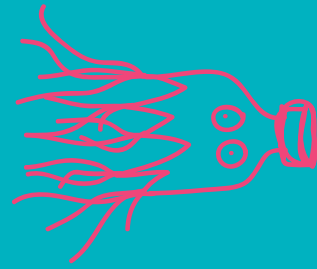

STEP 1.

Head to your local beach to collect your monster materials.

STEP 2.

Bring your new FREE materials home and clear yourself a space to start work. or if it's sunny why not do it at the beach?!

HOW TO MAKE MARINE LITTER MONSTERS

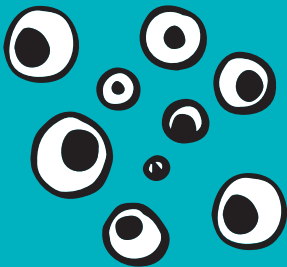

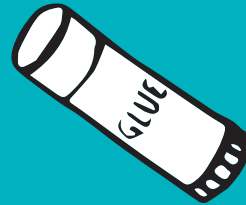

STEP 3.

Arms / legs / tails / tentacles, what does your monster need? Look through your marine litter and start picking out monster limbs!

STEP 4.

Now for the fun part ... glueing*! Using either PVA or a glue gun, start to stick your monster's body parts together

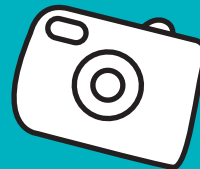

STEP 5.

Every monster needs an eye or three. Add some googly eyes to your creation ...
IT'S ALIVE !!!!!

STEP 6.

Take a photo of your marine litter monster and post it on social media using the tag #MARINELITTERMONSTER

**FANCY A
CHALLENGE?**

Why not use your marine litter monster to make a stop frame animation? Send us your results... we'd love to see!
